

Understanding Wage & Hour Compliance (FLSA)

PREPARE MANAGERS TO RECOGNIZE WAGE & HOUR CONCERNS AND KNOW WHAT TO DO NEXT.

Wage and hour issues often begin with ordinary management decisions about schedules, workloads, breaks, after-hours work, and timekeeping. This training prepares managers to recognize when those everyday situations may have implications for employee pay, respond appropriately, and involve the right people before routine decisions create unnecessary compliance risk.

TRAINING OVERVIEW

The manager's role isn't to calculate pay or interpret the FLSA. It's to recognize when an everyday workplace situation may have wage and hour implications. This course builds the judgment and confidence to identify potential concerns, respond appropriately, and involve the right people at the right time.
